CHARGING DRIVING LIVING

ZD Energy Introduction

About Us

- Founded in 2010 and headquartered in Shanghai.
- ZD Energy is a global company empowering the world’s transition to electric mobility & green energy.
- As the world’s leading manufacturer of smart charging systems, ZD Energy has shipped more than 1.6 million chargers worldwide.

Global Customers (ODM/OEM Cooperation)

80% of automakers in the Chinese market have chosen ZD Energy as their trusted partner, a testament to our technological strength and service excellence.

Global Brands

Chinese Brands

Product Lines

Our products include residential AC charging stations, commercial DC charging stations, charging robots, and home energy storage and charging systems.

AC Charging

World No.1 - largest market share globally for AC Charging. Globally shipped more than 1.6 million units.

Robotic Charging

World's leading robotic technology with 40+ patents & over 8 years R&D. Supplying major OEMs.

DC Charging

Fast DC Charging with integrated battery storage supplying major OEMs such as Volkswagen.

Green Energy

Total solution for home including solar energy, battery storage, charging & overal digital energy management.

Zhida's Global Footprint & Market Share

Cumulative global shipments of 1.7 million home chargers
ranking No.1 in the industry
approx. 15.6% global market share
Exporting to 20+ countries including France, Germany, UK & Italy

Global Manufacturing Sites

Our global manufacturing facilities is strategically established to support worldwide operations and meet diverse market demands.

Thailand Factory

Location:
Chon Buri,
Phan Thong, Thailand

Date of Establishment:
Oct 2023

Building Area:
12,000 square meters

Capacity:
Phase 1:
200,000 / year;
Phase 2:
500,000 / year

Anqing Factory

Location:
AnQing,
Anhui Province, China

Date of Establishment:
August 2021

Building Area:
10,000 square meters

Capacity:
1,000,000 / year

Xuancheng Factory

Location:
XuanCheng,
Anhui Province, China

Date of Establishment:
Jan 2015

Building Area:
12,800 square meters

Capacity:
1,000,000 / year

ZD Energy AC Product Highlights

Global Certification

- With CE, CSA, FCC, UKCA certifications

Multi-function

- Bluetooth, Wi-Fi, 4G, OCPP 1.6 ...
- Low temperature performance
- High altitude performance
- Waterproof

Design Award

- China Industrial Design and Research Institute Product Design Award
- Shanghai White Jade Orchid Excellent Design Award

High Quality DC Hardware

Flexible Fast DC Charger (Integrated Battery Storage)

Technical Specifications	
Certification[1]	CE
Protection	IP 54 System IP 67 Battery
Mechanical Protection	IK 08
Dimension (H x W x D)	2260mm x 1340mm x 1100mm
Weight	2650 kg
Operating Temperature	-25°C to 50°C
Operating Temperature without DC Output Power Derating	-25°C to 35°C
Humidity	5% to 90%
Network Connections[1]	GSM/3G/LTE
Noise emission (at 5m distance)	≤ 60 dB
Output DC charging point #1	
DC output power[2]	Max. 150 kW (DPD[3])
DC output current[4]	Max. 350 A @430V Max. 188 A @800V
DC output voltage	200 – 920VDC
DC output interface	CCS Type 2 Combo
DC Metering conform to MessEG	Yes (German variant)
DC Metering conform to MID	Yes (EU - non German variants)
Vehicle PLC communication	ISO 15118[5], DIN 70121
EMC emission[1]	IEC 61000-6-2, EN 55011

*Premium charging product supplied to Volkswagen in Europe manufactured by Zeeda Energy's Joint Venture

Case B　B Series

- Target Market: France, Japan, S. Korea, South America and other markets
- Power and Current: **1 Phase**: 3.5KW（16A); 7KW（32A)
  3 Phases: 11KW（16A); 22KW（32A）
  Up to 32A, 400V, maximum power of 22KW
  Power adjustable by a switch or App
- Authentication: Plug and Charge; RFID Authentication Optional
- Connectivity: Customer App, WiFi + BT, OCPP 1.6 (Optional)
- Ingress Protection: IP55
- Relative Humidity: 5-95%, Without Condensation
- Residual Current Protection Rated Operating Current: 30mA, +DC 6mA
- Op Temperature: -20℃ ~ +50℃
- Storage Temp Range: -20℃ ~ +80℃
- Altitude: ≤ 2000m
- Safety Feature: Rain protection
- Charging Cable: Sold Separately

Frame Color:

RFID optional

Charging gun base

Emergency Stop

Shutter included　or　NO Shutter

Certification: CE

Case B B4 Series

- Target Market: France, Japan, S. Korea, South America and other markets
- Power and Current: 1 Phase: 3.5KW（16A); 7KW（32A)
  3 Phases: 11KW（16A); 22KW（32A）
  Up to 32A, 400V, maximum power of 22KW
  Power adjustable by a switch or App
- Authentication: Plug and Charge; RFID Authentication Optional
- Connectivity: Customer App, WiFi + BT, OCPP 1.6 (Optional)
- Ingress Protection: IP55
- Relative Humidity: 5-95%, Without Condensation
- Residual Current Protection Rated Operating Current: 30mA, +DC 6mA
- Op Temperature: -20℃ ~ +50℃
- Storage Temp Range: -20℃ ~ +80℃
- Altitude: ≤ 2000m
- Safety Feature: Rain protection
- Charging Cable: Sold Separately

4 inch VA screen

RFID optional

Charging gun base

Emergency Stop

Shutter included or NO Shutter

Certification: CE

Dimensions: 222*405*104mm
Net Weight: 6kg

Case B B7 Series

- Target Market: France, Japan, S. Korea, South America and other markets
- Power and Current: 1 Phase: 3.5KW（16A); 7KW（32A)
  3 Phases: 11KW（16A); 22KW（32A）
  Up to 32A, 400V, maximum power of 22KW
  Power adjustable by a switch or App
- Authentication: Plug and Charge; RFID Authentication Optional
- Connectivity: Customer App, WiFi + BT, OCPP 1.6 (Optional)
- Ingress Protection: IP55
- Relative Humidity: 5-95%, Without Condensation
- Residual Current Protection Rated Operating Current: 30mA, +DC 6mA
- Op Temperature: -20℃ ~ +50℃
- Storage Temp Range: -20℃ ~ +80℃
- Altitude: ≤ 2000m
- Safety Feature: Rain protection
- Screen Languages: English, Japanese, Chinese
- Charging Cable: Sold Separately

Frame Color:

7 inch TFT screen
or Android screen

Emergency Stop

RFID optional

Shutter included Or NO Shutter

Charging gun base

Certification: CE

ZD Energy Offers Integrated e-Mobility + Smart Green Energy Solutions

One Stop Solutions For Public and Home Use → **ZD Energy Product Lineups** → **ZD Energy IT Platforms and Services**

- Tailor made public transportation solutions: Buses+ Photovoltaic Solutions+ Robot charging Stations(EV sector);
- Home use EV charging solutions;
- HEMS(Home Energy management Systems);
- Robot charging for public parking and branded charging services

- Robotic Chargers(8 generations of evolvement, world leading charging products);
- DC/AC/Portable EV Chargers(Range from 3.5kw-420kw);
- Tailor made HEMS(Home Energy Management System) and Micro Invertor PV Solutions;

- Broad coverage on installation and services(420+ service partners worldwide);
- Robust IT operational platforms with inhouse digitalization & product R&D capabilities;
- Leading manufacturing capabilities (ISO 50001/ IATF 16949 Certification)/ ISO 14001/ ISO 45001
- Highly integrated platforms and resources and strategic partners with governmental institutions and state-owned companies;

ZD Energy Key Competitiveness：
Capabilities Set and Readiness for Global Market

Manufacturing

High Standard Vehicle Quality System

- IATF 16949 / ISO 9001 / ISO 14001
- GMP Class 10000
- Panasonic automatic SMT production line
- Modern production and testing equipment

Products

Rich Product Lines

- Multiple CE certified EU products for AC&DC charging products;
- Industry Leading Automatic Charging products

Service

Reliable Installation and After Sales Service

- Local installation partners and platform
- EU After-sales team for at least two years warranty

IT Platform

Robust IT and Software Platform

- Cloud system(WIFI and 4G connected) based in EU;
- Multiple Strategic Software partners to secure a smooth user experience from front end to back end

ZD ENERGY

Global Installation And Service Network – ZD Energy

Already Developed: 17 countries & regions

Developing: 3 countries & regions

In Development Plan: 41 countries & regions
